Children's Hospital
Los Angeles

4650 Sunset Blvd.

Los Angeles, CA
90027

Children's Hospital Los Angeles is a nonprofit institution providing pediatric health care helping patients more than half a million times each year in a setting designed just for their needs. Our history began in 1901 in a small house on the corner of Alpine and Castelar Streets and today our medical experts offer more than 350 pediatric specialty programs and services to meet the needs of our patients.

CHLA is a provider of more than \$316.2 million in community benefits annually to children and families. As the first pediatric hospital in Southern California, CHLA relies on the generosity of philanthropists in the community to support compassionate patient care, leading-edge education of the caregivers of tomorrow and innovative research efforts that impact children at our hospital and around the world.

The Accarent Health Network provides access to a network of nationally recognized hospitals and highly rated academic medical centers. You will have the ability to compare Accarent Bundled Rates where each center participating in the network quotes the same plan parameters for each offered procedure, ensuring you are truly comparing “apples to apples.” You can then commit to a procedure with a clearer understanding of what you’ve signed up for.

Accarent offers case management, concierge services and an optional travel benefit to ease your worries and ensure your experience goes as smoothly as possible. The result? Healthy patients who are happy with their care at reasonable prices.

Check with your plan administrator to see if you can save on patient deductibles and co-pays through the Accarent Network.

Over 300 offered bundled procedures and counting, including:

- Orthopedic Procedures
- Spinal Surgeries
- Solid Organ Transplants
- Bone Marrow Transplants
- Complex Cancer Surgeries
- Thyroid and Parathyroid Surgeries
- Cochlear Implant
- Cardiovascular Surgeries
- Bariatric Surgery
- Executive Physicals
- Mental Health & Substance Use Disorder
- Gallbladder Removal
- Neurosurgery
- Ophthalmology
- Physical Therapy
- Cell & Gene Therapy
